

SPORTS CENTER TOLUCA LAKE

TUCKED BEHIND WARNER BROS., THIS FACILITY, part of the Toluca Lake Tennis Club, has the look and feel of a country club, without the attitude. The weight room and cardio area are fairly modest but well maintained. Best of all, there is seldom more than a handful of people working out at any one time. **The Crowd:** Members run the gamut, from late-twenties professionals to retirees. **Fitness Test:** About a dozen classes are held in the loftlike classroom, including "Barre Tone," which engages your inner ballerina. You won't find any funky dance classes on the schedule, in part because that's not what the membership is about and also because the textured rubber flooring makes it tough to bust a move. Cardio junkies have plenty to choose from. For those who prefer to go it alone, eight top-of-the-line treadmills come with built-in fans, and there's a heated outdoor lap pool and a Jacuzzi. **Amenities:** The main locker rooms feature saunas and massage studios. Towels are plentiful. **Perks:** TasteBuds, the handsome dining room, serves salads, sandwiches, and grilled items. **Prices:** Enrollment fee, \$450; monthly dues, \$89. 6711 Forest Lawn Dr., Toluca Lake, 323-851-6000 or www.sportscentertllc.com.
